

Dependable winter worker

NEW

Nordicca Van

FOR TRANSPORTERS AND VANS

The Nordicca Van tyre offers **stability**, durability and **safety** for demanding winter professional use. The safety of the **comfortable** drive is intensified by a new rubber compound.

- **Snow performance** – masters harsh winter conditions
- **Wet performance** – excels on wet roads
- **Life expectancy** – resists wear and maintains proper performance

Nordicca Van

FOR TRANSPORTERS AND VANS

Technical Highlights

Snow performance

Masters harsh winter conditions thanks also to the newest compound technology. In addition to reliable braking performance the tyre offers stable handling for all drivers.

Wet performance

Makes driving easy and comfortable even on rainy days with excellent wet braking abilities and powerful aquaplaning resistance.

Life expectancy

Resists wear and maintains its optimised properties for longer. This makes life easier for heavy duty professionals.
